

## MULLINS IS HELD FOR DUKE DEATH

Testifies He Fired Shot Believing Other Man Was Robber

## DENIES WIFE'S STORY

Claims Mrs. Duke Failed to Say Man in Taxi Behind Was Her Husband

Conflicting testimony marked the continuation of the hearing in county court Tuesday of the murder preliminary of A. C. Mullins, in connection with the fatal wounding of Frank Duke on North Main street on the night of December 19, and at the conclusion of the case Judge W. Williams committed Mullins to the county jail without bail for trial before the grand jury.

The case against Glen Larkins, taxicab driver, in whose car Mullins, Mrs. Duke and Mrs. Ira Dalton were riding at the time Mullins fired the shot, was continued to Tuesday morning.

Mrs. Duke in her testimony Monday, and Larkins, on the witness stand yesterday, testified that both witnesses and Mullins knew that Duke was in the taxicab which followed the party of four from a negro "choo" joint northeast of the city onto the pavement on North Main. Mullins, yesterday morning denied this, and was positive that when the second taxi followed the party from a point near the road house, he and the other three passengers of the leading car believed they were being followed by hijackers and that Mullins did not fire at the second car until the latter auto had crowded the other into the curb, and a man, later identified as Duke, made an attempt to step on the running board of Larkins' car. Mullins admitted he fired the shot, but stated that he did it under the belief that the man later identified as Duke was a robber and not the husband of his companion in the taxi.

Mrs. Dalton, formerly the wife of Harry Larkins, son of a former sheriff of San Francisco county, Cal., once a taxicab driver with Mullins, also denied positively that either Mrs. Duke or Larkins made any statement indicating that one of the men in the pursuing motor car was Frank Duke, and this witness was certain that the first information she had of this fact was immediately after the shot was fired, when she claims Mrs. Duke exclaimed "My God, maybe that was Frank in that car." Mullins also claims that Mrs. Duke made this statement, and he testified that even at the time he did not know the person to whom Mrs. Duke referred until some time later.

While Mrs. Duke and Larkins admitted that the four, immediately after the shooting, had "framed" a story to the effect that if any difficulties arose over the shooting all four were to tell the same story to the effect that all in Larkins' car believed they were about to be held up and robbed by the unknown occupants of the second taxicab and that Mullins fired the shot at a time when he believed he and his companions were about to be robbed. Mullins testified that as the car in which he was riding was crowded into the curb in the 1300 block on North Main street, and had slowed down to about five miles an hour, a man, whom he believed to be a hijacker, opened the front door of the second car and shouted, "Stop or I will kill you." This statement, according to Duke, was the reason Mullins fired the shot, according to the statements of the latter.

## GORDON OPTIMISTIC

Says East Manifests an Interest in University of Tulsa-Kendall; Carnegie to Investigate

Dr. J. M. Gordon, president of the University of Tulsa, following his return from the east Sunday night, described as "satisfactory" conferences held with representatives of the general board of education of the Presbyterian church and the Rockefeller and Carnegie foundations while in New York.

"My trip fulfilled my expectations, as I did not expect to return home with a suitcase bulging with checks," Dr. Gordon said. "The interviews which I had concerning the university were satisfactory and will be, I hope, productive of results. Needs of the enlarged institution will be presented at the regular meeting of the board of education of the Presbyterian church in February. An investigation of the institution will be made by both the Rockefeller and Carnegie foundations. The news of the expansion of Kendall college evoked expressions of interest and good will among fellow presidents of the American Association of Colleges. Everybody seemed to know of Tulsa."

Dr. Gordon will give a report on his trip at daily chapel Tuesday morning.

## FOURTH CHARGE AGAINST COSHOW

Held for Trial for Auto Theft and Pleads Not Guilty to Fourth

When Frank Coshow, of Sand Springs, was before Justice H. J. Gray Tuesday for preliminary hearing on two auto larceny charges and an information charging him of attempting the theft of a third car, a fourth information charging the theft of a Packard auto from J. M. Burk, November 4, was filed before the justice.

The court found Coshow probably guilty of the larceny of a Buick auto from Posey short October 20, and held the defendant under bond of \$2,000 for trial by district court. Coshow pleaded not guilty to the theft of the Buick car and an additional bond of \$2,000 was set in this case. One larceny charge was dismissed and the court reduced the charge of attempt to steal to one of tampering with a standing auto and sentence will be passed later. The latter charge is a misdemeanor.

Many such letters are being published in this paper from day to day, and it is to any woman's advantage in any form to give this old fashioned root and herb remedy a trial.
